

**IAN FIRTH**  
doors and hardware

[www.ianfirth.co.uk](http://www.ianfirth.co.uk)

We at Ian Firth Hardware Ltd have been supplying house builders with ironmongery products for over 30 years during which time we have grown and evolved to suit changes in demands, legislation and technologies. However, even with state of the art processes and facilities we still offer a personal service:

- ✓ Field Sales Representatives always on hand to meet customers at offices or on sites.
- ✓ Internal Sales Teams willing and able to deal with any queries .
- ✓ Qualified schedulers prepare quotations from customer's drawings ensuring the best specification for the project.
- ✓ Technical back up to ensure products meet certification and legislative requirements.
- ✓ Information frequently fed to customers regarding changes to regulations or standards that could affect our products.
- ✓ Bespoke design and sourcing of products to meet the needs of a particular project or design concept.
- ✓ After Sales Care.
- ✓ Customers are more than welcome to visit our premises in Dewsbury.

In addition we have a wide range of quality products across several ranges so we can offer customers the full package:

- ✓ External doorsets.
- ✓ Internal doors/door kits.
- ✓ Internal ironmongery.
- ✓ Eco Products such as rotary dryers, water butts and bird boxes.
- ✓ Loft doors, loft ladders and access panels.
- ✓ Sealants, fillers and adhesives.
- ✓ Ventilation products.
- ✓ Builder's metalwork.

Based in Dewsbury, West Yorkshire, we offer nationwide delivery service using mainly our own fleet of vehicles supplemented with third party carriers.

# *quicksemble* Patented Adjustable Hinges

Hinge cradles are secured to the door frame with the corresponding hinge receivers fitted to the door leaf. Installation, or hanging of the door, is then carried out simply by 'snapping' the door receivers onto the hinge jamb. Once in place the relative door position can be adjusted to ensure an optimum fit within the doorframe.

- Vertical adjustment - allows the door to be moved up or down +/- 2.5mm (This feature only applies to 3D hinges)
- Lateral adjustment - allows the door to be moved in or out of the doorframe rebate +/- 2.5mm
- Horizontal adjustment - allows the door to be moved left or right +/- 2.5mm
- Suitable for: 34 and 44mm thick doors

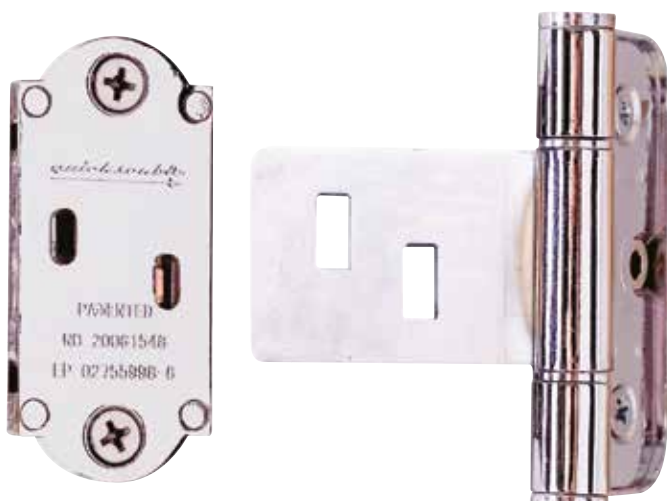

Step 1

Step 2

Step 3

"Quicksemble's unique 3 way adjustable hinge system offers the installer maximum flexibility during the installation process."

NOTE: Only available as part of our Quicksemble Internal Doorkits.
